

NAVY BELT

APPLICATION

For attaching the holster and lightweight equipment, or as a belt for trousers. Stainless steel buckle works well in sea conditions.

PROPERTIES

Made of a single, rigid tape, does not deform after attaching the holster and the equipment. The Cobra FI45 Inox Nautic stainless steel buckle does not corrode and is very resistant to loads. Smooth adjust of the belt length with velcro.

MATERIALS

Webbing: Thick polyamide 45 mm
Velcro 40 mm
